

Michael J Baresi

Artist, Luthier, Bonsai Instructor

Originally from Detroit Michigan, San Francisco Bay Area, and currently living in Queen Creek Arizona

As an avid gardener, I developed an interest in bonsai in the early 80's, and soon became a loyal member of the Yamato Bonsai Club in San Leandro California.

As a student of Bonsai, I learned much from sensei Johnny Uchida, and later continued my Bonsai education from other masters including the late John Yoshio Naka and the acclaimed Japanese master Masihiko Kimura.

The "Bonsai Bible" has been my constant companion thru the years, as has been "Bonsai Technique I" and "Bonsai Technique II" by John Yoshio Naka.

As an instructor, I have the rare privilege of sharing many years of experience in Bonsai with my students. Experience and training that is hard to find in today's society,
