

SOFT PASTEL Workshop :45.00

Supplies: all you need to complete your project for this workshop is included in the price.

Students for each workshop: 6

A list of supplies we will use will be available for the artist/student to take home and refer to as they build their soft pastel supplies. All supplies needed for the workshop will be provided to create a pastel painting from a photograph (at least 4" x 6") that the student will bring along. Try to bring a computer printout of scanned copy enlargement of the photo so we can manipulate it for our project. In the two-hour workshop, artists/students will be shown how to easily convert a treasured photograph into an accurate and artistically rendered pastel painting. Plan on wearing clothing you would use to paint in and HAVING FUN!

Contact Michelle Cornelius by January 1, 2010 for a place in the workshop. Fees must be received by January 13, 2010 to assure your place in this class. Seats are limited.

Phone: 480-545-4515.
