

SunDust Gallery

Wall and Floor Exhibit Space

Effective September 20, 2009

SunDust Gallery is a professional art space located in historical downtown Mesa, catering to local artists and fine craft artisans. SunDust has three gallery spaces, art classroom / workshop space, storage areas for art, and a location near the internationally renowned Mesa Art Center, and the Arizona Historical Museum.

Today's artists have limited options to display their work in front of the public. While the typical coffee shop, pizza parlor, and restaurant offer display opportunities, their main aim is to decorate their walls with your art. Patrons come to these establishments to eat and drink, not to buy art.

Exhibiting in SunDust Gallery adds to your credibility and reputation as an artist, increases your exposure to the buying public, and allows you to meet clients in a gallery setting.
